## **Product Benefit Sheet**

Revised: 2015/09/04 (version 1.0)

# PETRONAS Syntium Racer 10W-60

# **Designed for Ultimate-Performance in sports driving**

### **Description and Applications**

PETRONAS Syntium Racer 10W-60 is formulated specially for engines running under extreme operating conditions on race track and on road. It is formulated with fully synthetic and advance additive systems to provide ultimate engine power  $\vartheta$  performance ideal for sports driving conditions.

PETRONAS Syntium Racer 10W-60 is suitable for all types of high-powered racing engines, passenger cars including gasoline and diesel engines and latest high performance cars fitted with fuel injections, multi-valves, turbochargers or superchargers operating under most severe conditions.

The experience gathered by PETRONAS on the F1 circuits and most important motoring events and competitions has enabled the development of PETRONAS Syntium; a range of hi-tech lubricants capable of meeting the needs of new generation engines – both on track and on the road.

Note: Always consult your owner's manual to check recommended viscosity grade and specifications for your particular vehicle

#### **Features and Benefits**

#### Delivers:

- Ultimate power output & performance
- Excellent protection in all extreme driving conditions
- Effective in up keeping engine cleanliness
- Maintaining oil pressure at high speeds
